

Designing an NHL Team Project Scoring Rubric

Student Name: _____

Points Earned

Requirement

Your project meets the basic expectations outlined in the packet I passed out in class (one point each):

_____ / 4

- You included your name on your assignment
- Your work is typed or written neatly
- You created an advertising flyer.
- You put together a team roster using NHL salary cap limits.

Advertising Flyer

_____ / 8

- Choose a U.S. or Canadian city where your team will play (1 point)
- Give your team a nickname (1 point)
- Choose official team colors (1 point)
- Design a team logo that makes sense and meets classroom standards for neatness and detail (3 points)
- Create an advertising slogan that will catch the attention of fans in your city and encourage them to buy season tickets (2 points)

Team Roster

_____ / 12

- Design a team that has at least 20 players, but not more than 23 (2 points)
- Identify the position(s) of each player (2 points)
- Hire at least 18 skaters (forwards / defensemen) and 2 goalies (2 points)
- Include each player's salary (2 points)
- Accurately calculate your team's total salary (4 points)

_____ / 24
