		Total: \$104.00

GRAND TOTAL: \$704.50

Project #2: Planning a Road Trip Scoring Rubric

Student Name:

Road Trip Sample #1

Points Earned

2 / 2

You included your name on your assignment

Your trip meets the basic expectations outlined in the packet I passed out in class (one point each):

5 / 5

- Your total budget does not exceed \$1,000
- ☒ You plan to visit at least 2 cities in the U.S. or Canada (outside the St. Johns / Lansing area)
- ☒ Your trip is at least 3 days (2 nights) long
- ☒ You plan to attend at least three real sporting events
- ☒ Your work is typed or written neatly

Travel Log

3 / 3

- You included a travel log in your project (1 point)
- You identify how many miles it is from one city to the next on your trip (1 point)
- You accurately calculated the total mileage of your trip (1 point)

Itinerary

5 / 5

- You included an itinerary in your project (1 point)
- You outlined a detailed schedule for your trip including specific days and what you plan to do each day (3 points)
- You accurately planned the timing of your schedule (1 point)

Budget

10 / 10

- You included a budget for the following expenses: transportation (including gas and mileage fees if you rent a car), overnight accommodations, food, and tickets. (4 points)
- Your mathematical calculations are accurate (4 points)
- You show your work and / or explain your calculations (2 points)

25 / 25

TOTAL

Very organized; great job!

Road Trip (A)
Sample Project #2

Travel Log

- Drive from St. Johns to Detroit (108 miles)
- Drive from Detroit to Ann Arbor (43 miles)
- Drive from Ann Arbor to St. Johns (83 miles)
- Total Mileage= 234 miles (not including driving around town.)

Itinerary

Thursday, April 5, 2012

7:00- Pick up Full Size rental car in St. Johns, fill up the gas tank
7:20- Depart for Detroit, go out to eat at Big Boy's along the way
10:30- Arrive in Detroit, check into Marriott Hotel, unpack, relax at hotel
11:45- Eat a small meal at McDonald's
12:00- Depart for Detroit Tigers vs. Red Sox game at Comerica Park
4:00- Leave Comerica Park, return to Marriott Hotel
6:00- Go out to eat at Olive Garden
8:00- Return to hotel for the night.

Friday, April 6, 2012

9:00- Wake up, free continental breakfast at hotel, relax at hotel
12:00- Go to Motown Historical Museum
2:00- Leave Motown Historical Museum, eat fast food at Burger King
2:30- Return to Marriott Hotel, relax
6:00- Go out to eat at Cici's Pizza
8:00- Return to Marriott Hotel for the night

Saturday, April 7, 2012

9:00- Wake up, free continental breakfast at hotel, relax at hotel
11:45- Depart for lunch at McDonald's then go straight to Joe Louis Arena to watch the Red Wings vs. Blackhawks game
4:00- Leave game, return to Marriott Hotel
7:00- Go out to eat at Jade Garden
9:00- Return to Marriott Hotel for the night

Sunday, April 8, 2012

9:00- Wake up, free continental breakfast at hotel, relax
12:00- Pack up things I brought (clothes, etc.)
1:00- Check out of Marriott Hotel, depart for Ann Arbor and stop at Taco Bell along the way
2:00- Arrive in Ann Arbor and go straight to the Michigan vs. Michigan State men's baseball game
5:30- Leave Ann Arbor, return to St. Johns, stop at Arby's along the way
6:55- Arrive in St. Johns, return rental car, drop friend off at his house, go home

Budget

Transportation

Rental Car

Full size rental car \$60 per week day x 2 week days= \$120

Full size rental car \$32 per weekend day x 2 weekend days= \$64

\$120+\$64= \$184 I am going with one friend so there are two of us total so I only need to pay $\frac{1}{2}$ of the cost $\$184 \times \frac{1}{2} = \92

COST

\$92

Gas

1 fill up will get me 17 gallons x 22 miles per gallon= 374 miles, each fill up costs

\$4 per gallon x 17 gallons= \$68, 1 fill up will

be enough for my whole trip, so the total cost for gas is \$68. I only

need to pay $\frac{1}{2}$ of the cost so I owe $\$68 \times \frac{1}{2} = \34 toward gas.

\$34

Overnight Accommodations

Total Transportation Cost

\$126

Hotel

3 nights at the Marriott Hotel= \$229 per night x 3 nights= \$687

Going with one friend so I only need to pay $\frac{1}{2}$ of the cost.

$\$687 \times \frac{1}{2} = \344

Total Overnight
Accommodations Cost

\$344

Food

Food for Thursday- Big Boy's \$15; McDonald's \$5; Olive Garden \$15

$\$15 + \$5 + \$15 = \35

Food for Friday- Burger King \$5; Cici's Pizza \$15

$\$5 + \$15 = \$20$

Food for Saturday- McDonald's \$5; Jade Garden \$15

$\$5 + \$15 = \$20$

Food for Sunday- Taco Bell \$5; Arby's \$5

$\$5 + \$5 = \$10$

Total Food Cost

\$85

Add the totals for each day to show the cost $\$35 + \$20 + \$20 + \$10 = \$85$

Tickets

Detroit Tigers vs. Boston Red Sox - Infield Box Seats= \$50

Detroit Redwings vs. Chicago Blackhawks = \$127

Michigan Wolverines vs. Michigan State Spartans (baseball)=\$7

Motown Historical Museum= \$10

\$194

Add them to show the cost $\$50 + \$127 + \$7 + \$10 = \$194$

Total Ticket Cost

\$194

Grand Total=\$749
