

# **MATH OF SPORTS**

## **College Basketball Team Statistics Research**

**Due at the end of class tomorrow!**

- Locate each school's basketball statistics on the following web pages. Remember, once you go to the page, you will have to find the basketball page and then look for the statistics.
  - MSU – [www.msuspartans.com](http://www.msuspartans.com)
  - U of M – [www.mgoblue.com](http://www.mgoblue.com)
  - ND – [www.und.com](http://www.und.com)
  
- Your task is to complete the chart on the back side of this page with the appropriate statistical information for each team. Who is doing best as a team? Who has better individual players?

## College Basketball Team Statistics

Statistic	Michigan State	Michigan	Notre Dame
Average points per game for			
Average points per game against			
Team field goal shooting %			
Team free throw shooting %			
Team three point shooting %			
Rebounding margin			
Assist to turnover ratio (ex. 4:1)			
Leading scorer (name)			
FG shooting %			
FT shooting %			
3-PT shooting %			
Team Leaders (record name and statistic for each category)			
# rebounds			
# assists			
# turnovers			
# blocks			
# fouls			
# steals			

Remember, to calculate percent, divide # of shots made by # of shots attempted!
